A UI/UX Designer with a strong foundation in design and front-end development. Demonstrated success in creating engaging user experiences, driving design processes, and collaborating with cross-functional teams to bring digital products to life. Passionate about user-centered design, with a keen eye for detail and a commitment to continuous learning and growth in UI/UX design.

EXPERIENCE

Student Experience Team Intern   **July 2023 - Mar 2024**
Kibo School, New York, NY

- Conducted research on user engagement tools and practices, translating findings into actionable design insights.
- Developed and implemented data collection instruments to track engagement and program performance.
- Analyzed data trends using Excel, contributing to the optimization of student engagement strategies.

Software Engineering and Design Intern   **July 2023 - Sept 2023**
Grais LLC, New York, NY

- Developed compelling sales page and revamped web pages using Next.js and Less.
- Crafted a comprehensive capabilities deck to showcase Grais's expertise and impact.
- Designed user-friendly web pages and wrote case studies to showcase client success stories.
- Created visually appealing and responsive email templates for Abule and its in-community.
- Gained valuable experience in design systems and collaboration with cross-functional teams.

UI Designer and Front-end Developer Intern   **Aug 2022 - Nov 2022**
Center For Journalism and Innovation Development, Abuja

- Led the successful redesign of the company's website during my UI design and front-end development internship, collaborating closely with a team of designers and developers.
- Conducted extensive user research to inform design decisions, resulting in a more modern, user-friendly, and visually appealing website.
- Developed wireframes, mockups, and prototypes to communicate design ideas effectively.
- Strengthened skills in design tools like Figma and gained hands-on experience in front-end development.
